## 1. The Original

The unique location in the heart of the largest city in Vorarlberg, as well as the manageable size, have a significant influence on the positive conditions at the Dornbirn Hospital. Both patients and visitors and staff feel comfortable in the municipal hospital - and benefit, among other things, from the close cooperation of the individual departments and the personal atmosphere in the house.

The hospital Dornbirn is located on the Lustenauerstraße and thus in the center of the fair city. Seven primary schools (internal, surgery, gynecology and obstetrics, pediatric and adolescent medicine, orthopedics, x-rays, anesthesia and intensive care) as well as basic trauma care, interdisciplinary day surgery and intensive care, physiotherapy, as well as ENT, eye, plastic surgery and aftercare facilities guarantee a comprehensive and high quality care of our patients. The medical offer is rounded off by a central laboratory, an expert team of dieticians, a dental consultation department, a consultation department for neurology and psychiatry and one for skin diseases.

A total of 286 beds are available at Dornbirn Hospital.

The appointments to the Teaching Hospital of the Universities of Vienna, Graz and Innsbruck are a very special confirmation of the high medical standard of the hospital Dornbirn. At the same time, the successful collaborations are also a major investment for the future: Today's medical students are the doctors of tomorrow.

### 2. The Scenery

The scene is based on publicly available information and pictures. The objects were completely rebuilt.

The package includes night textures and realistic lighting (X-Plane 10, 11 only).

#### Charts

not available

### 3. Functions (summary)

- Photorealistic scenery
- Compatibel to OSM+autogen V6.0 from PliotBalu
- Night textures and realistic lightning

\*)

\*) X-Plane 10, 11 only!

### 4. Installation

Just copy the folder "KH Dornbirn 2.0" " in the compressed file after unpacking in the "Custom Scenery" - folder.

#### directory structure:

```
<X-Plane-Verzeichnis>/
  Custom Scenery /
    KH Dornbirn 2.0/
      Earth nav data and others)
```

and restart X-Plane.

### 5. Recommended settings

To visualize all light effects, HDR should be activated. The higher the settings for "texture resolution" and "airport detail" the better the quality of the scenery but the more affect on the FPS ratio.

### 6. Necessary Software

X-Plane® Version 11.11+, 10.35+

## Austrian X-Plane Design Group

### 7. Used Libraries

none

### 8. Recommended Addons

Although the scenery will work without any addons, we recommend to use the following ones for the whole experience (pictures taken with addons installed):

OSM Europe osm+autogen by PilotBalu,

Download: [http://simheaven.com/?page\\_id=23](http://simheaven.com/?page_id=23)

to have streets and buildings from OSM and autogen where is no coverage of such data.

Europe Library from LyAvain,

Download: [http://simheaven.com/?page\\_id=14](http://simheaven.com/?page_id=14)

to see European instead of US buildings.

### 9. Credits

LAMINAR RESEARCH®	for X-Plane®
Ben Supnik	for <a href="#">WED</a> (Version 1.6.1 used)
uwespeed	European vehicles

### 10. Betatester-Team

all members of the AXDG team.
