1. The Original

Eisenstadt Hospital

To serve the mankind. Since 1760.

Originally built as a small house with eight beds to serve the princely subjects, the hospital of the Barmherzigen Brüder (the merciful brotherhood) Eisenstadt is now the biggest and oldest hospital in Pannonia.

With nine specialized departments, one X-Ray institute and a public pharmacy, the hospital is a partner for welfare and health as well as an important employer in the region.

Austrian X-Plane Design Group

2. The Scenery

The scenery is based on open public information and maps. The objects were completely rebuilt.

The package includes night textures and realistic lighting (X-Plane 10 only).

3. Functions (summary)

- Photorealistic scenery
- Different buildings on the premises of the hospital
- Night textures and realistic lightning *)

*) X-Plane 10 only

4. Installation

Simply unpack the folder and copy the content into your 'custom scenery' folder of X-Plane. Restart X-Plane and enjoy.

5. Recommended settings

To visualize all light effects, HDR should be activated. The higher the settings for "texture resolution" and "airport detail" the better the quality of the scenery but the more affect on the FPS ratio.

6. Necessary Software

X-Plane® Version 10.30 or 9.7

7. Comments for X-Plane 9 version

Unfortunately some functions of the scenery must be disabled for X-Plane 9 and therefore it will not look like on the pictures which where taken with X-Plane 10.30

Austrian X-Plane Design Group

8. Used libraries

none

9. Recommended Addons

Although the scenery will work without any addons, we recommend to use the following ones for the whole experience (pictures taken with addons installed):

OSM_Europe_osm+autogen by PilotBalu,

Download: http://simheaven.com/?page_id=23

to have streets and buildings from OSM and autogen where is no coverage of such data.

Europe_Library from LyAvain,

Download: http://simheaven.com/?page_id=14

to see European instead of US buildings.
