1. The Original

The airfield is about 25km SSO from Vienna and about 30km SO from LOWW. It is operated by "Flugplatz Vöslau BetriebsGmbH - FBG" http://www.loav.at.

2. The scenery

The scenery is photorealistic on the basis of photos taken on site (Winter 2012/13). All buildings relevant for the VFR approach (including the barracks in the north and the villages in the south) were replicated. The surrounding forests were also reproduced - as far as possible in the context of X-Plane.
The scenery includes night textures and realistic lighting (X-Plane 10, 11 only).

directory structure:
<X-Plane-Folder>/
      Custom Scenery /

To visualize all light effects, HDR should be activated. The higher the settings for "texture resolution" and "airport detail" the better the quality of the scenery but the more affect on the FPS ratio.
