1. The Original

With the commissioning of Christophorus 15 in July 2004, the last patch disappeared without efficient air rescue of the Lower Austrian map. On a hill in Haselgraben between Ybbsitz and Gresten, within the hospital triangle Amstetten / Waidhofen / Ybbs and Christophorus Scheibbs 15 has been stationed.

Especially after serious accidents in the hiking and ski resorts Mostviertel, there are significant improvements. In just nine minutes Christophorus 15 is on one location between Gresten and Ybbsitz Hochkar. From the Alerting to landing on Oetscher the helicopter takes only eight minutes and in five minutes Christophorus 15 is in Amstetten.
