**Bearings, tracks and radials  
are magnetic.  
Altitudes, heights and  
elevations are in FT.**

**ATTENTION:**  
For latest aeronautical information consult AIP, AIP-Supplements and NOTAM.  
Extreme caution should be exercised when flying in valleys due to numerous transmission lines and cableways.  
No guarantee for the completeness of obstacles.  
For obstacles within obstacle clearance areas of airports see AIP Austria, part AD.
